1 THE OTHER SIDE OF THE ROAD

Getting so sick of you r silly lies,
 I may have been dumb but I'm getting wise
 You really had me runnig babe
 There was a time you'd look at me and hypnotise

Feel hung up and you bring me down
 Getting too deep and I start to frown
 You know wha, you'r not so hot
 'Cause baby I've been trough it
 And you only do the things you do
 To prove that you can do it

Oh, set me free, I got to see
 The other side of the road
 Oh, let me go, I got to know
 The other side of the road
 The other side of the road
 The other side of the road

Burning up and I don't know why
 Got to cut loose and I got to try
 I can't stay with you for ever
 Got a lot of things to do before I die

Getting so tired of the state I'm in
 Need a new life, let it all begin
 I've had all I can take of you
 I'm sick of your deceiving
 And it doesn't matter what you do
 Cause baby I'm still leaving

2 DO TO ME

If you find a new direction
 And if you feel that I'm the one
 Baby I'm too shy to mention
 The way you always turn me on

If you need some close attention
 And if you need someone to care
 Communicate your intention
 Say the world, and I'll be there

And I don't understand

But I feel like a man
 And nobody else can do
 What you do to me
 Do to me Baby
 Do to me
 Do to me
 Do to me Baby

Do to me, do, do, do, do, do to me
 I said do to me, do, do, do, do, do to me

I'll offer you my dedication
 Trough what you do is hard to say
 You make me feel a new sensation
 Every time you look my way

I don't need your conversation
 And I don't want your sympathy
 Try to find an explanation
 The way you do these things to me

3 BELINDA

If you should see my Belinda
 Tell her I miss her so
 And give all my love to Belinda
 I want her to know

I want her, I need her, I love her
 I didn't mean to make you cry Belinda
 When I said bye-bye Belinda
 Wan't you please come om home to me
 Can't you see
 I was just too blind Belinda
 When I said bye-bye Belinda
 Please, came on home

So if you should see me Belinda
 Please tell her I love her so
 And keep on telling my Belinda
 I want her to know
 I want her, I need her, I love her

CHORUS

4 BIG FAT MOMMA

I thought my chance of being in love
 Had passed my by, it's true
 But you brought the sun back into my life
 Now I must confess to you

I was a lonely boy
 Until you came along and brought me jay
 Just like a baby with a brand new toy
 You really made my day

I was a lonely boy
 Just a little shy and oh, so coy
 With all the charm and grace that you employ
 You stole my heart away

I was only young and so were you
 But what else could I do
 One, two, how I love you

Oh, big fat momma, hold me close and squeeze me tight
 Bet your bottom dollar, I'll be right
 If you stay with you

Big fat momma, take a walk with me tonight
 Bet your bottom dollar, by the light
 Of the silvery moon

Harmonise and croon a simple tune
 Together we will spoon
 And in June, honey-moon

5 DON'T TAKE YOUR LOWE AWAY THIS TIME

Don't take your lowe away
 Leave it behind
 Maybe another day
 You will find
 That deep in your heart you've been searching
 For something that's here all the time
 So, don't take your love away this time

If you must run to him
 Please, make up your mind
 I'll try to understand
 Though he's not your kind
 I promise to make all your dreams come true
 Baby, if you'll still be mine
 So, don't take uour love away this time

This time, don't tell me that we're trough
 Cause life can't go on without you.

You know we can't go on pretending
 So darling, please give me a sign
 And don't take your love away this time
